

ŠKODA SUPERB SPORTLINE

ŠKODA
SIMPLY CLEVER

WOLF, IN WOLF'S CLOTHING

Sophistication just got a sporty makeover. Step inside the ŠKODA SUPERB SPORTLINE and experience how racy and refined can go hand-in-hand.

While its sculpted design lines give the car serious head-turning powers, its sporty details, inside and out, give it attitude to match. And being the flagship ŠKODA, it obviously comes with numerous Simply Clever solutions and up-to-date connectivity that add a practical twist to elegance.

The SUPERB SPORTLINE is yet another example of our philosophy of making beautifully designed cars that are as much a joy to drive now as they were back when we started.

That's Simply Clever. That's ŠKODA.

**SIZZLING HOT,
EFFORTLESS COOL**

JUDGE THIS CAR BY ITS COVER

The ŠKODA SUPERB SPORTLINE inherits the signature contoured body of the SUPERB and arms it with dynamic details. The car is also fitted with a sports chassis, which positively affects the car's aerodynamics as well as your active driving pleasure.

FRONT VIEW

When looking at the car from the front, you can not overlook a glossy black front grille and the darkened fog lamps.

SIDE VIEW

Glossy black details such as exterior side-view mirrors, window frames and side door strips underline the sporty character of the car. The SunSet tinted windows in the rear improve the exterior look and passenger comfort.

REAR VIEW

The sports style is further emphasised by the glossy black diffuser and distinctive exhaust pipe end pieces.

ROOF SPOILER AND BLACK ROOF RAILINGS

The body-coloured roof spoiler in aerodynamic design and glossy black roof railings represent specific equipment of the combi version.

BADGE

The SportLine badge is presented on both front wheel arches.

DOOR SILL STRIPS

Even practical equipment, such as the door sill strips, comes in sports design and so further adds to the unique look of the car.

BLACK 5TH DOOR SPOILER

The liftback version comes with the glossy black 5th door spoiler, which also helps achieve a reduced drag resistance coefficient.

ZENITH WHEEL

18" Zenith platinum alloy wheels come as standard.

VEGA WHEEL

19" Vega anthracite alloy wheels are optional.

THIS IS YOUR CAPTAIN SPEAKING

The active theme continues inside the SUPERB SPORTLINE. Land comfortably on the sports driver seat, surrounded by matching door inserts, and experience this sporty core, while being pampered by unmatched comfort and space.

INFOTAINMENT

The SportLine version can be equipped with an infotainment system showing, among other things, the temperature of oil or cooling liquid. It also offers a LapTimer function, which further adds to the feel of a sporty driving experience.

PERSONALISATION

You can enjoy great personalisation options, allowing different drivers to create and save their own individual preferences. These include setting the driving mode, the electrically-adjustable front seats, Climatronic air conditioning, radio and navigation system, plus more.

DRIVING AND COMMUNICATION

The multifunctional sports steering wheel in black perforated leather, which lets you control the radio, phone and alternatively DSG (Direct Shift Gearbox), can be equipped with heating function, controlled via the infotainment. Unlimited communication possibilities come with the infotainment system and ŠKODA CONNECT, which offers two categories of service. While Infotainment Online delivers real-time information to navigation, about traffic for example, Care Connect focuses on help and safety, including the Emergency Call function.

STYLE AND SAFETY

While the black ceiling enhances the interior sports style, the soft ambient lighting, which offers ten amazing colour options, makes your space cosy and comfortable. The child safety lock will prevent your children from opening the rear windows and doors.

SPORTS SEATS

Sports front and rear seats upholstered in a combination of black Alcantara® and leather with silver stitching, provide maximum comfort even during a dynamic drive. The electrically-adjustable driver and front passenger seats with built-in memory come as standard.

PEDALS COVERS

The pedal covers with alu optics are yet another stylish detail of the interior.
